PROFESSIONAL SUMMARY

A motivated student of computer science at KL University with a focus on cloud edge computing, eager to contribute to the work environment and succeed in the technology sector.

Education

KL University	Vijayawada
CSE Btech	Sept/2021 – MAY/2025
CGPA: 9.43	
Sri Viswa Jr College	Visakhapatnam
MPC Intermediate	2019 - 2021
Marks: 957/1000	
Keshava Reddy School	Srikakulam
Degree in SSC	2018 - 2019
CGPA: 9.7	

Experience

AICTE Intern	Remote Dec-2022 - Feb-2023
We will learn the fundamentals of AWS Cloud, how it functions, and acquire practitioner-level practical skills during this virtual internship. I now have a better understanding of AWS services, their value in the tech sector, and the variety of services they provide thanks to this experience.	

Skills

JAVA (1.8)	HTML, CSS	MYSQL	Cloud Computing
Front-End	C-Programming	Strong communication	Collaborative mindset
Time Management			

Projects / Open-Source

Student Grade Management System	Java Full Stack
The goal of this full-stack Java programming project is to create a grade management and student result system.	
We constructed a web application utilizing MySQL, HTML, CSS, and the Spring Framework as part of this project, which taught us about the framework.	
Travel tourism and Hospitality	Java Script,
I excel in building user-friendly platforms that seamlessly blend MongoDB, Express, React, and Node.js for unforgettable online experiences.	

Certifications

Red Hat Certified Enterprise Application Developer EX-183 - **Red Hat**
AWS Certified Cloud Practitioner - **AWS Web Services**
Robotic Process Automation-**Automation Anywhere**

Honors & Awards

We used innovation and design thinking in our semester-long course. We developed a drone model called Project Shodhan as a prototype for rescuing individuals stranded in floods. With regard to this theme, we came in third.
